

Individual Financial Well-Being Assessment

The purpose of this assessment is to gather information about an individual's current financial situation. This form will provide support in guiding an individual on strategies and tools to help them reach their financial goals. The word "goals" is used to describe anything an individual would like to address related to their financial wellness. The goals identified by the individual should reflect what they want for their life - including aspects of their finances that they want to change or improve, things they would like to save for, or even investments they would like to make.

Please have the individual answer the following questions based on where they are today. There are no right or wrong answers. Please provide a copy of the completed assessment to the individual.

Individual Financial Well-Being Follow-up Questionnaire

This Individual Financial Well-Being Assessment is just a place to start. We recommend you re-assess a snapshot of the individual's financial situation quarterly by asking the individual to answer a quick (5 minute) Financial Well-Being Follow-up Questionnaire. This questionnaire will help you quickly assess progress made by the individual as well as their confidence in their financial well-being quarterly.

Please have the individual answer the following questions based on where their activities over the past three months. There are no right or wrong answers. Please provide a copy of the completed assessment to the individual.
