Windmills

Harness the power of inclusion.

This October, we're celebrating the 81st anniversary of National Disability Employment Awareness Month (NDEAM) by highlighting the value and talent that employees with disabilities bring to our workplaces and economy.

Join us on Oct. 20 for a highly interactive disability inclusion training that equips businesses with the knowledge and skills they need to build and support a diverse, disability-inclusive workforce.

THE ENCOUNTER

Join us for an engaging session designed to help you feel more confident and at ease when dealing with the topic of disability. This module provides an opportunity to ask questions and learn directly from a panel of individuals with disabilities in a safe and welcoming space for open, informative conversation.

**American Sign Language interpretation and live captioning provided.
This event is open to the public. Advance registration is required.**
